

# Learning Needs Matrix

Group ID :- 519917

Date :-

Tools/ Methods/ Theories Application Process Involved	Programming Language	During	BE IV	Arithmatic calculation for billing	Applicable standards and design specification/ Principles and Experiments
	Detected Sensor	During	BE IV	Virtual Reality	
	Payment Integration	During	BE IV	Inference	
	Purpose / Product concept				
				Knowledge Detector	
Software/ Simulation / Skill / Mathematical Requirement				UPI Design	Component materials' strength criteria (exploration- varieties/ testing requirements)
				Security Measures	
				Disa. Recovery	
				Usability Testing	
				Security System	
				Location Mapping
